

Dietetics

No Gap – Bulk Billed with EPC Plan

Support Your Patients with Chronic Conditions Through Dietetic Care

Our Accredited Practising Dietitians provide comprehensive, evidence-based nutrition support for patients with **chronic conditions** and **complex care needs**.

Whether your patient is managing diabetes, cardiovascular disease, obesity, gastrointestinal disorders, or another long-term condition, dietetic intervention plays a crucial role in improving clinical outcomes and enhancing quality of life.

What We Offer:

- **One-on-one nutritional assessments** tailored to each patient's health condition and goals
- **Individualised dietary advice** aligned with medical management plans

BOOK NOW

bpalliedcare.com.au

What We Offer:

- **Education on food choices**, portion control, label reading, and sustainable eating habits
- Support with **chronic disease prevention and management**
- Coordination with GPs and other allied health professionals to ensure **cohesive care**

How to Refer:

Patients can be referred as part of a GP Management Plan and Team Care Arrangement (EPC plan). Simply include Dietetics as one of the referred services.

Why Refer to Us?

- Accredited Practising Dietitians with experience across a range of chronic health conditions
- Clear communication and written feedback following each consultation
- Convenient locations within medical centres
- Collaborative approach focused on long-term, sustainable lifestyle change

Empower your patients to make healthier, informed choices through expert nutrition guidance.
